Kids, Vaayu & Corona: Who wins the fight? (A comic series for COVID-19 awareness)

There is a growing concern and perceived threat about the Coronavirus among common citizens. The population of all ages are making use of available media such as newspapers, social media, and television to make themselves aware. From adults to children, most of the discussion these days are centering around the Coronavirus. But for children, especially those below the age of 12 years, Coronavirus has become a cause of concern as they are not able to comprehend the talks and getting worried. The parents should talk to them and resolve their queries so that they do not panic.

Sometimes parents might be busy, and they might not be able to resolve their queries. Considering this PGIMER- Chandigarh, India, and Panjab University-Chandigarh, India created a comic to make children aware about the threat of Coronavirus and how to remain safe through simple precautionary steps. This comic is created to learn, along with fun, and motivate children to be a hero of prevention by defeating Corona.

Vaayu is a global citizen who lives in the foothills of Himalayas, India. He is a superhero, who work for the better public health and environment. He has been called to fight against global threat of Coronavirus and to protect children from sudden panic and fear.

Technical Support:

Oh, kids seems to be in panic.
I must visit them.

What happened
kids?

Cough, Cold, Headache, Fever, Dry cough and problem in breathing are the symptoms which might appear after the exposure.

What are the Symptoms of Coronavirus?

Yes, Vaayu, we are strong and won't panic about Coronavirus but please tell us precautions we should take to defeat this virus?

Can we really defeat it?

Yes kids, you can control the spread of Coronavirus and you can defeat it by following simple precautions.

Really, can we control the spread of Coronavirus and prevent ourself and our family?

Yes, there are few simple ways through which you can keep yourself and your family's health safe.

Wow! This is interesting that we can defeat Corona Virus.

Please tell me more about infection control!

Ok kids, I will tell you simple steps to follow not only to prevent Coronavirus but also other viruses and bad germs.

The germs and bacteria hide at a place, where it is hard to kill them. So, we need to wash our hands properly. Now follow with me these seven steps.

Washing hands instructions

- 1 WATER AND SOAP
- 2 PALM TO PALM
- 3 BETWEEN FINGERS
- 4 FOCUS ON THUMBS
- 5 BACK OF HANDS
- 6 FOCUS ON WRISTS
- 7 WIPE WITH CLEAN TOWEL

Let's Greet Like This

As-Salaam-Alaikum

Hello Everyone
Peace be with you

Namastey

Sat-Sri-Akal Ji

Also maintain social distance

Avoid going in crowded places or functions

Oh!!
That's why our school's are closed.

Kids! if not urgent, please avoid travel to the places where Coronavirus is reported.

Thanks Vaayu!
We will also ask our parents to avoid travel if possible.

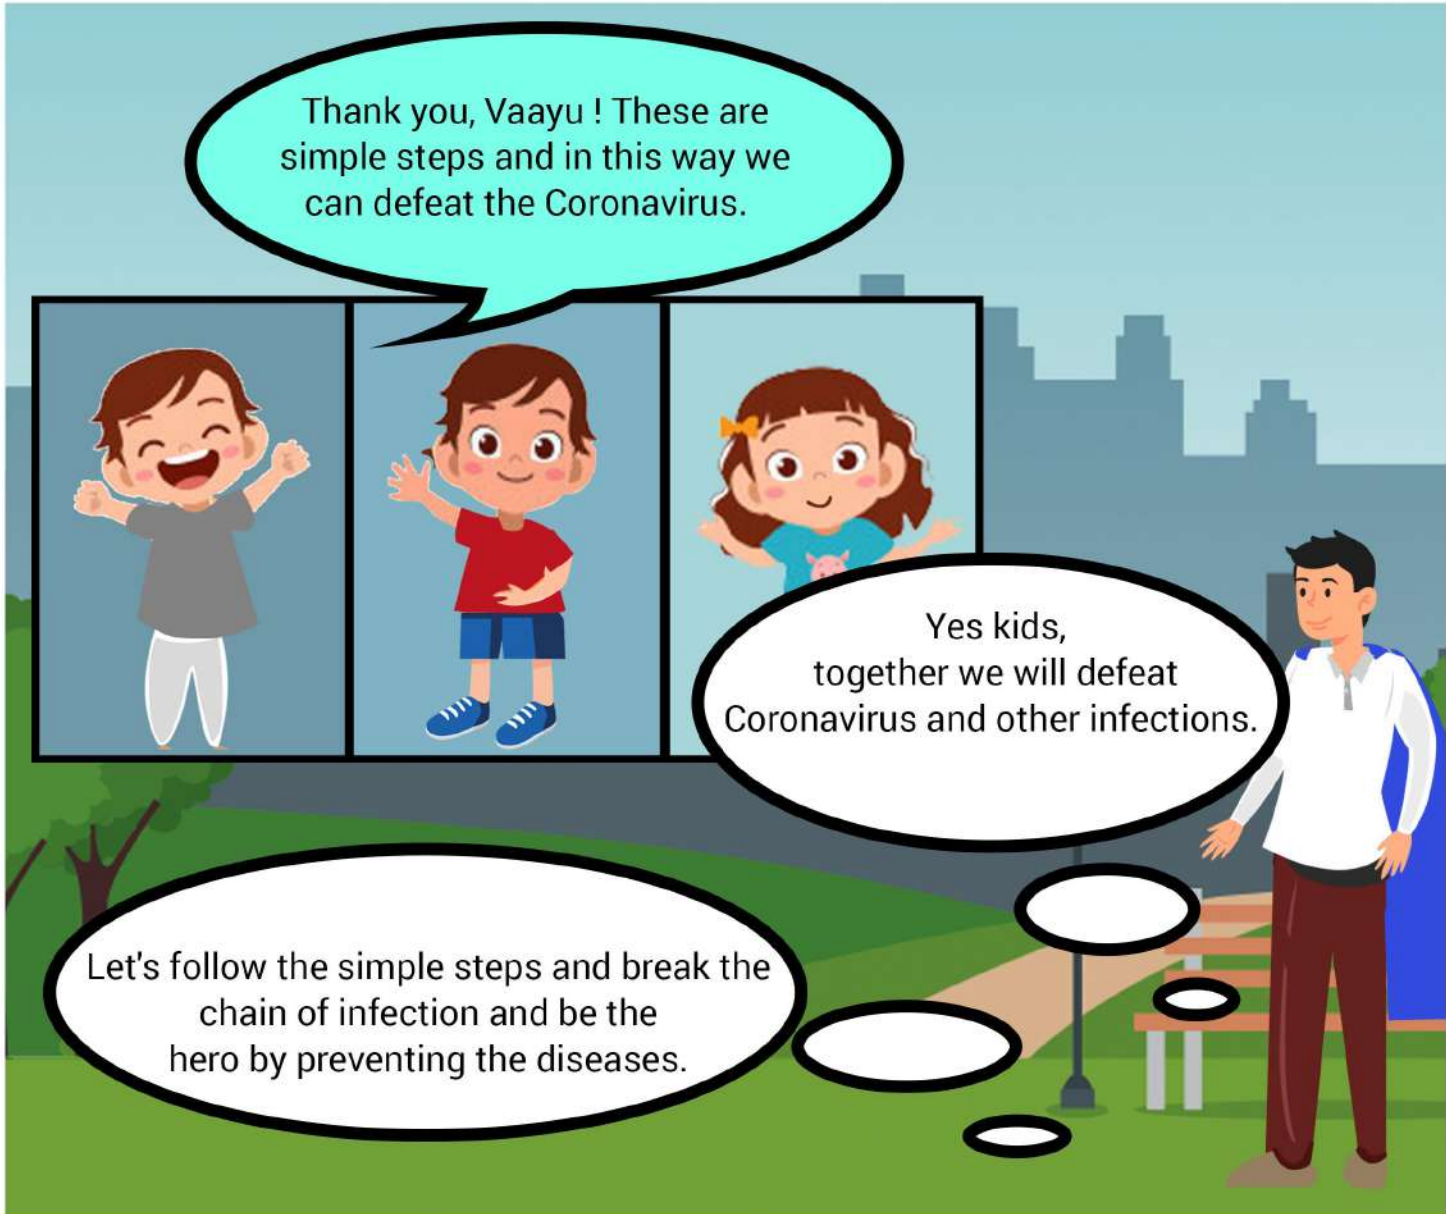

If you have cough, fever
or difficulty in breathing, contact a doctor
immediately and follow the advice
given by your doctor.

Hello kids!

Great! these are
simple steps to defeat
Coronavirus or
other germs.

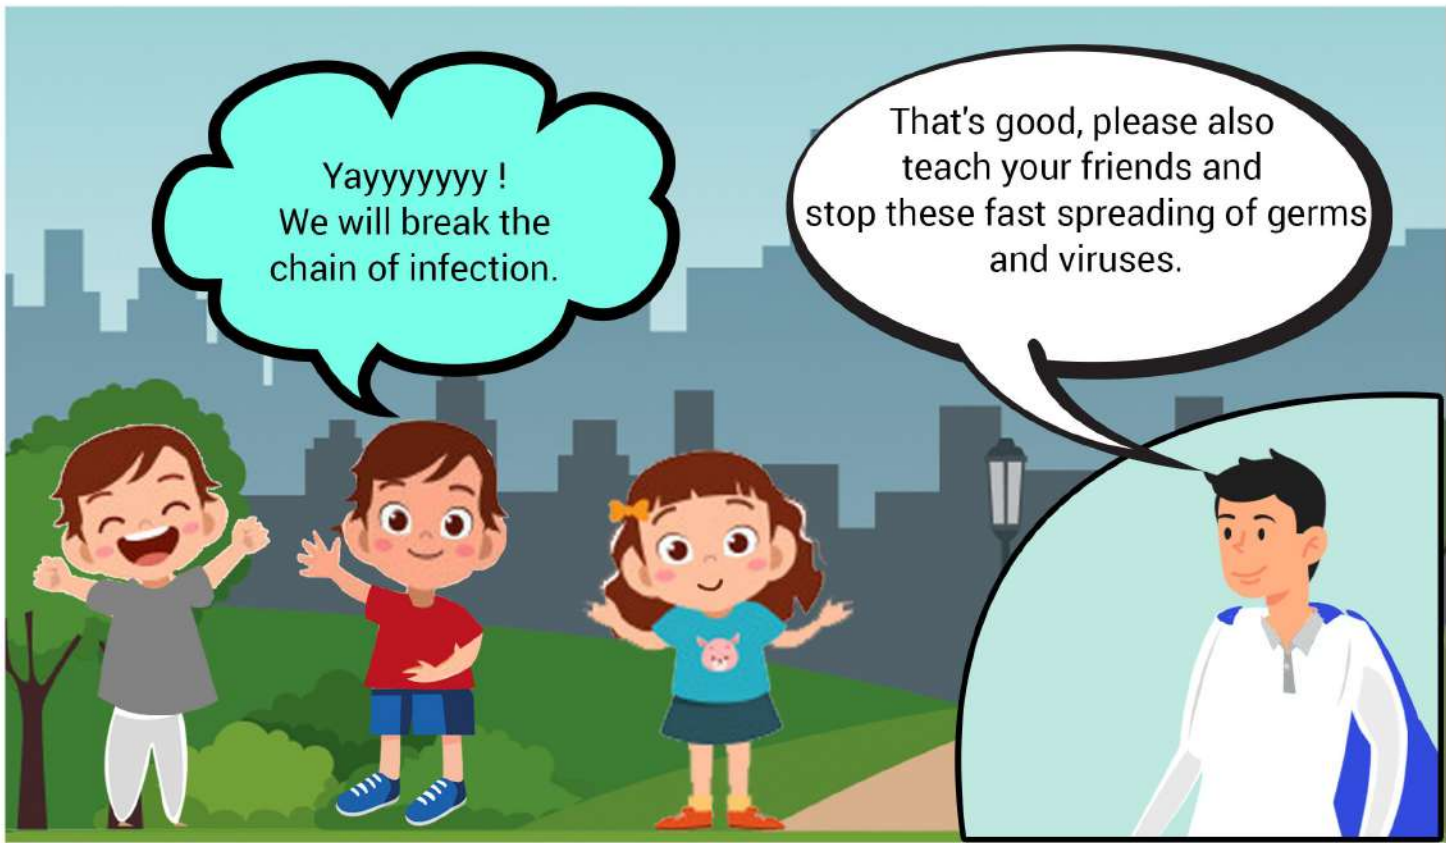

Thank you, Vaayu ! These are simple steps and in this way we can defeat the Coronavirus.

Yes kids, together we will defeat Coronavirus and other infections.

Let's follow the simple steps and break the chain of infection and be the hero by preventing the diseases.

Yayyyyyyy ! We will break the chain of infection.

That's good, please also teach your friends and stop these fast spreading of germs and viruses.

Ok kids, now tell me,
How can you defeat corona virus?

By washing
hands properly.

One Meter

By maintaining
social distance.

By greeting
traditionally

By maintaining
proper hygiene

If sick, follow
Doctor's advice

I will teach my friend & family, how to defeat Coronavirus.

Me too..

Me too..

Ok kids be safe, bye!

I will read a new comic **KID, VAAYU, & CORONA** Who wins the fight?

I am playing Carrom board

I will read a book

Coronavirus

For children of age group 9 to 12 years

Coronaviruses are a large family of viruses that causes illness ranging from common cold to more severe diseases , such as Middle East Respiratory Syndrome (MERS- CoV) and Severe Acute Respiratory Syndrome (SARS-CoV).

Common signs of infection include respiratory symptoms, cold, fever, cough, and breathing difficulties. In more severe cases , infection can cause pneumonia , severe acute respiratory syndrome , kidney failure and even death.
